There ELY BROTHERS, 56 Warren St., New York. never was as much danger to life and health in coming here, as there is in attending an ordinary game of base ball. If the few cases that we had here were genuine smallpox, those of us who svoided it have missed the chance of our lives by not going after it, and getting the Bucklin brand of smallpox while it was available. But the opportunity is gone. You could not get a case of it now for love or money.
